

# HELP IMPROVE THE JMB'S GREEN SPACES

ESTATE SERVICES

MARCH 2014

## GARDENING SUB GROUP

The JMB are committed to improving the green spaces on your estate and to ensure this happens it is vital that your views are heard on decisions that affect your environment. To achieve this the JMB is to establish a Gardening Sub Group.

We are looking for a total of five residents (preferably one from each TRA) to join JMB staff on the Gardening Sub Group to help shape JMB's green spaces for the future. Residents with an interest in the following are desirable:

- Gardening
- Green Space Improvement
- Resident Engagement

The purpose of the Gardening Sub Group is to:

- Seek out resident views on improvement to the green spaces across JMB estates
- Discuss issues that are important to grounds maintenance across the JMB estates
- Communicate initiatives/projects to make sure that residents are aware of agreed green space improvements and how it affects them.
- Deliver green space improvements
