

Thrive Southwark

Thrive LDN is a citywide movement for mental health, supported by the Mayor of London and the London Health Board.

Thrive LDN will host a community conversation aimed at encouraging people to work together to improve health and happiness in Southwark.

At this community conversation we will hear about the aims of Thrive LDN and then discuss how we can all work together to make them happen here.

Southwark residents, and anyone who delivers services with them, is very welcome to join us to share views.
